# TERMINATE UNWANTED PREGNANCY

---

*~Purchase Mifeprex Kit Online From [Onlinegenericpillrx.Com](http://Onlinegenericpillrx.Com) Store.*

## What Is Medical Abortion?

- Medical Abortion is also known as Self-managed abortion, it is safe and effective way of terminating unwanted pregnancy. In this term termination is done with the help of pills.
- Unwanted pregnancy can be treated with surgery and with medicines. The treatment is done with pills and no need of surgery is required and no risk is involved.
- In Abortion Kit, Misoprostol and Mifepristone pills are present as an active element which ensures guaranteed results of termination.
- These pills are also available as Mifegest kit, Mifeprex kit, and MTP kit.
- [Order Abortion Pill online](#) to terminate unwanted pregnancy at home

## How Does Abortion Kit Works?

Mifepristone blocks the effects of progesterone, a natural female hormone that is needed for the pregnancy to sustain. Without this hormone, the lining of the uterus breaks down as it does during a menstrual period and stops the growth of the pregnancy.
